

July 18, 2007

Dear Composer colleague:

Thank you for your submission to the Miami chapter of the ISCM at Florida International University. We received an overwhelming number of works for submission by the Miami ISCM Section to the World New Music Days being held in Lithuania in 2008. The panel was extremely impressed with the overall quality of the scores submitted and thank you and the others for submitting scores. Congratulations to the 6 composers whose works were selected. Your works are the official submission by the Miami ISCM Section for the festival in Lithuania as follows:

David Dzubay	Double Black Diamond for orchestra
Huck Hodge	Out of a Dark Sea for chamber ensemble and electronics
Vera Ivanova	Still Images of the Restless Mind for chamber orchestra
Ashley Rose Fure	Susurrus for mixed chamber quartet and electronics
Erik Ulman	Third String Quartet
Stephen Yip	Shadow of Golconda for chamber orchestra

I also want to personally thank you and all of the other composers that submitted works. The committee worked very hard to select the best works while taking into consideration the makeup and requirements of the festival in Lithuania. Not having a work selected does not necessarily reflect on the quality or merit of the work. I invite you to send your music again for future World Music Days submissions and other new music related events at FIU.

Submissions that were not selected and that included a self addressed stamped envelope are being returned with this letter. Otherwise as indicated in the call for scores, submitted materials are being recycled. Once again thank you so much for your submission and interest.

Sincerely,

Orlando Jacinto García, Director
Miami ISCM Section
