

fragmentos del pasado
(Fragments from the Past)

for guitar and string quartet

Orlando Jacinto Garcia

ABOUT THE WORK

Fragmentos del pasado was written in the summer of 1998. The title refers to the fragmented materials that are found in the work, many of which are abstract references to the music listened to by the composer in his past. The repetition and slow evolution of these materials result in a temporal stasis in the listener. The exploration of the counterpoint between register, densities, timbres, and pacing are also important aesthetic concerns. Fragmentos del pasado, received the Nuevas Resonancias prize presented by the INBA in Mexico City and was premiered by the Cuarteto Latinoamericano and guitarist Gonzalo Salazar in August 2001 as part of the Chamber Music Festival in San Miguel de Allende, Mexico.
